

JULY 17 – 21, 2017

PHONOLOGICAL AWARENESS CAMP FOR KIDS

Attend the P.A.C.K. Program this summer!

At the Gebbie Clinic, we are committed to the development of emergent literacy skills that support a child's ability to learn to read. Children who attend camp will practice phonological awareness and oral language skills while participating in games, vocabulary activities, songs, crafts, and story time in a fun, engaging, small-group setting. The P.A.C.K. program is facilitated by graduate students, under the supervision of Megan Leece, a certified and licensed speech-language pathologist. All registrations must be received by July 30, 2017.

For children ages 4
and 5!

Helping kids learn
important
preliteracy skills
prior to
Kindergarten!

Fun, engaging
atmosphere!

Early Bird Rate (due
June 23, 2017): \$180

Program Rate (due
June 30, 2017): \$240
